

Dr. Sai Krishna Vittal

Secretary, IAES

Dear Members,

I am delighted to note that yet another Indian Journal of Endocrine Surgery, the Official Journal of Indian Association of Endocrine Surgeons is being brought out under the guidance of Editor-in-Chief Prof. M.N. Kamaludeen and his team.

It goes without saying that this is an important medium for exchange of views and opinions in Endocrine Surgery as well as to discuss about newer concepts amongst the members of IAES.

I wish Prof. Kamaludeen and his team the very best in their endeavours in bringing out this journal and I sincerely hope the members of IAES benefit from this venture.

A handwritten signature in black ink, appearing to read 'S. Vittal', with a horizontal line underneath.

(Dr. Sai Krishna Vittal)
